TWINLAB

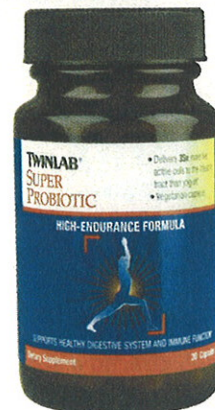

If you use other probiotics, you're going to need a bigger spoon.

Our new strain delivers 35 times more live active cells to the intestinal tract than a serving of yogurt. What's not to like?

One capsule daily of new Twinlab Super Probiotic delivers 35 times more live active cells to the intestinal tract than yogurt. That means you'll be getting immune support and enhancing your body's natural defenses.* Plus, our new high-endurance strain helps maintain digestive balance and normal function.* New Twinlab Super Probiotic makes better overall health much easier to swallow.

Visit www.Twinlab.com for more information.
